GAZETTEER OF PLACE NAMES USED IN TORONTO

ENTOMOLOGISTS ASSOCIATION SUMMARIES

1969-1977

TEA c/o Department of Entomology. Royal Ontario Museum.

100 Queen's Park, Toronto, Ontario, Canada M5S 2C6 Telephone 978-3677

This gazetteer is designed for use with previous Annual Summaries issued by the Toronto Entomologists Association, in order to facilitate the use of the Summaries in studying localities and ranges.

It is arranged as follows:-

Place name; Township name; County name; Latitude and Longitude. Some errors are noted as follows:- a letter omitted from the original reference is inserted in square brackets and a letter included in error is shown in normal brackets. This can also apply to portions of names.

Some names such as 'Dickson Conservation Area' show no Township and the latitude and longitude are also omitted.

Counties are shown in normal type and Districts are shown in Italics to distinguish between them. Most of the place names may be found on the one inch to four mile Litho Maps of Southern Ontario issued in 1969, or subsequent issues, and an index map of these is included. The place names for Northern Ontario may be found on Militia Maps, but all locations may be roughly located on any Ontario map which has latitude and longitude marked.

Further Annual Summaries issued by the TEA will include full information for any names not already listed, so that further editions of this gazetteer will be unnecessary.

<u>LOCATION</u>	<u>TOWNSHIP</u>	<u>CO. or DIST.</u>	<u>LAT.</u>	<u>LONG.</u>
